3in1 - Oval, Circle from inside and circle Template

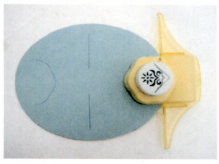

Oval

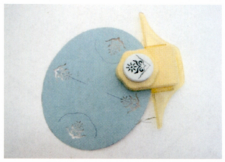

1. Copy cross-lines. As shown in the photo.

2. Cut out the oval.

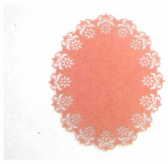

3. Move in the punch ruler entirely. Tape it on the punch and punch ruler with adhesive tape. Place the punch on the centre of the line and punch with every line a figure.

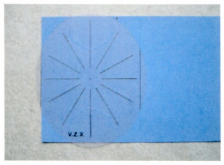

4. Place the punch exactly in the middle between the 2 punched figures and punch here the 1e figure. Repeat this 3x.

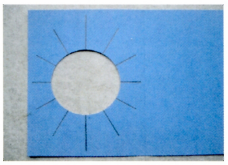

5. Place the punch exactly in the middle between the 2 punched figures and punch here the 1e figure. Repeat this 7x.

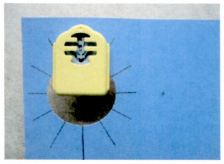

Circle from inside

1. Put the oval template on the centre from an A6 card. Copy 12 lines and middle tip on the card.

2. Cut a circle of 6cm diameter on the card.

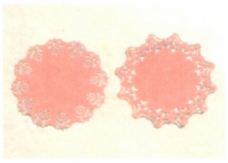

3. Up the punch upside down, so that you can see the punch work. (Stick on the button of the punch a piece of double sided adhesive tape to prevent any movement the punch is temporary stuck on the ground).
Punch the middle of each line a figure. (Tip of the figure just on the edge of the circle)

Circle
